## MANY BODIES ARE RECOVERED

**Fifty-two Taken From Mine at  
Marianna, Pa.**

### MOST OF THEM MUTILATED

No Doubt Now That the List of Dead Will Total One Hundred and Thirty-Eight Men—Relatives of the Victims Stand About the Mouth of the Pit But the Usual Harrowing Scenes Are Missing.

Pittsburg, Nov. 30.—Fifty-two bodies, all but two of them horribly mutilated, and a number of them dismembered, have been taken from the mine of the Pittsburg-Buffalo Coal company at Marianna, forty miles south of here, where an explosion killed many men and cast into gloom what was until then considered the model mining town of the world.

There is no doubt that the death list will reach 138 men. Officials of the company, who had previously stated that not over 125 had been killed, now admit that 138 men went down the shaft to work. According to the miners and others familiar with the number of men generally employed in the mine the death list will exceed the company's estimate by at least fifty.

Fifty-two bodies have been brought to the surface in the iron buckets. Arms, legs or heads were missing from some and the trunks of others were burned, bruised and cut.

Two of the men taken from the mine had been suffocated and their bodies were not even scratched. One of these was John Ivill, a cousin of John H. Jones, president of the Pittsburg-Buffalo Coal company, owners of the mine, who was employed as head timekeeper. Ivill's body was found beneath a coal digging machine and it was apparent that the young man had crawled there in a vain effort to escape the deadly fumes.

The coroner of Washington county held a meeting to organize a jury and then adjourned until all of the bodies have been taken from the mine.

The opinion is expressed by a number of expert miners that the mine will not be cleared of victims for several days.

A small fire broke out in the mine but was extinguished.

Conditions about the mouth of the mine were disagreeable all day. A drizzling rain fell and the weather grew cold. Many relatives of the victims stood all day close to the ropes around the shaft, but there were few of the harrowing scenes usually associated with a mine explosion. Most of the relatives are English-speaking people, who bear their grief in silence. It is estimated that one-fourth of the victims are Americans. As rapidly as possible the work of rescue is being carried on. At short intervals new men are sent into the mine to relieve others searching for the dead. Owing to the dangerous gases and the mass of wreckage in the mine the rescue work is slow and is being carried on with great precaution. Experts from Pennsylvania and West Virginia are in charge of the work of exploration.

### PARTY RUN DOWN BY A TRAIN

**Woman Killed and Husband and Son Injured.**

Stevens Point, Wis., Nov. 30.—A sad sequel to Wednesday night's cyclone was enacted when Mr. and Mrs. John D. Langosky and four children were run down by the afternoon express train from the west on the Wisconsin Central bridge over the Wisconsin river. They heard the train coming and were hurrying to escape when it came in sight around a sharp curve.

Three of the children ran ahead and got off, but the man and wife and youngest son were caught about ten feet from the end of the bridge.

The top of the woman's head was ground off under the wheels and her body was thrown off the track to the rocks, sixteen feet below.

The father and son were knocked off to the rocks below, the former's elbow being shattered and the latter sustaining a fatal fracture of the skull.

The victims were among the crowd of several thousand sightseers who had gone over the track of the cyclone to view the ruins.

**Carnegie Donates to College.**

Fayette, Ia., Nov. 30.—President William A. Shanklin of Upper Iowa university has received a check from Andrew Carnegie for \$30,000 in payment of Mr. Carnegie's pledge to give that amount when \$150,000 additional endowment of the university should have been completed.

## MARCHING ON THE CAPITAL

**Haytien Insurgents Advancing  
on Port au Prince.**

### DEFEAT GOVERNMENT TROOPS

Rebels Seize the Towns of Miragoane and Petit Goave—Minister of War Takes Refuge in the German Consulate—President Nord Alexis Actively Engaged in Organizing His Forces for the Coming Battle.

Port au Prince, Hayti, Nov. 30.—The revolutionists, under command of General Antoine Simon, the former commander of the Department of the South, following up their victory over the government forces at Anse a Veau, are pushing on to Port au Prince. They have driven back the government troops many miles and have seized the towns of Miragoane and Petit Goave. It is believed that General Celestin Cyriaque, minister of war, who took refuge in the German consulate at the former town, is still there, but it is feared that there will be many desertions of Haytiens to the revolutionary army.

President Nord Alexis has energetically rejected the suggestion which has been made to him that he give up the struggle and the government is now actively engaged in organizing its forces for a strong resistance. Three divisions of well disciplined troops under command of General Andre, minister of interior and police, occupy a position about six miles outside of the city. These troops are entrenched at the convergence of the three roads and they hold a commanding position.

The south approach to the city is being fortified and the forts by Zoton and Mercredi, mounting modern artillery, command the road.

Just how long it will take the revolutionists to traverse the road from Miragoane, which is about fifty miles from Port au Prince, is a matter of doubt, but as there are no government forces to check them, they are likely to reach this city within forty-eight hours. The engagement will be serious and it is thought forces may be landed from the warships now in the harbor for the purpose of preventing pillage and injury to the foreign residents.

### Excitement in the City.

At present there is considerable excitement in this city, for while there have been many revolutions in Hayti none have been so successful at the outset as the present. General Simon, who was commander of the Department of the South for twenty years, is recognized as a strong man and an exceedingly popular one. He was ordered about a month ago by President Nord Alexis to come to this city and confer with the president on political matters, but fearing that if he did so his life would be in danger, General Simon declined to obey the order and made ready to repel any attack of the government. He had a strong following, at Aux Cayes and when he was declared a rebel, thousands flocked to his banner in that town and the towns of Jeremie and Aquin. His success in forcing General Leconte and his followers, who had been sent to Aux Cayes by the president to overcome the revolutionists, to flee and his later success in routing the forces under General Celestin at Anse a Veau, have probably brought many more Haytiens to his command.

In addition to this the sea blockade of three ports instituted by the government has proved a failure. Steamers of the regular lines are touching freely at those ports and it is a blockade in name only.

The United States cruiser Tacoma and the French training ship Duguay Trouin are now in the harbor and the British cruiser Scylla and the Italian cruiser Pieramosa are expected to reach Port au Prince within a few days.

### Minneapolis Man Killed.

Minneapolis, Nov. 30.—Caught in gearing of a 40-horsepower electric motor, Mangus Johnson, fifty-five years old, received injuries at the Merchants' elevator from which he died three minutes after reaching the city hospital. Johnson, who was employed as an oiler in the elevator, was cleaning up around the motor, when the sleeve on his right arm caught in the teeth of the cog gearing one side of the motor and the arm was torn off.

### Army Defeats Navy.

Philadelphia, Nov. 30.—In one of the fiercest football games seen on Franklin field this year the army vanquished the navy by the close score of 6 to 4—a touchdown and goal against a goal from the field.

## Cold Wave Coming We are prepared for it

The weather man today says "cold wave coming". We prepared to supply you with the warm wearables you will need, many months ago. Come direct to our store for the things you will want during the cold days. Warm coats, warm underwear, warm hosiery, warm gloves and mittens—all else that you would expect to find in a dry goods store.

## NEW LIGHT ON THE STEINHEIL MURDER

### Strengthens Conviction of the Widow's Guilt.

Paris, Nov. 30.—All the new light thrown on the murder of Adolphe Steinheil and Madame Japy, which occurred on the night of May 31 at the home of the artist, only goes to strengthen the conviction that Madame Steinheil either strangled the victims alone after administering a narcotic or poison, subsequently blinding herself to her bed, or had an accomplice in the person of a professional criminal.

The body of the murdered painter was disinterred and removed to the morgue, but the surgeons found that it was in such a state of decomposition as to make it an impossibility to perform a complete autopsy. They contented themselves with taking away the viscera for chemical analysis, in order to discover if possible, traces of poison. The glasses found at the time of the murder will also be examined.

It is now learned that Madame Steinheil was receiving the visits of another rich lover, in addition to Maurice Bordenal, and that she had promised each of them she would marry him in the event of her becoming widowed or divorced. Testimony from every quarter seems to upset completely the charges of the Royalist press that the late President Felix Faure was the victim of criminal dealings, but even M. Dupuy, his premier, does not deny that Madame Steinheil was with him shortly before he expired. She adopted a clever ruse to divert suspicion from her at the time. Before going to Elysee palace she visited a distinguished painter, to whom she confided that she was on her way to see the president. The following day the painter received a letter from her, filled with expressions of grief at the death of President Faure, but adding that unfortunately she was taken ill and unable to see him. The physician whom she said attended her at the time declares that he never saw her until long afterwards.

### Girl Accidentally Wounded.

Kenosha, Wis., Nov. 30.—Lillian Christenson, the thirteen-year-old daughter of Marius Christenson, was accidentally shot and it is feared fatally wounded while at the Christenson home here by John Rasmussen, aged eighteen years. Rasmussen was loading a revolver, when it was accidentally discharged, the bullet striking the girl just above the heart.

### Famous Sculptor Ill.

New York, Nov. 30.—John Quincy Adams Ward, aged seventy-eight years, the oldest living American sculptor, is seriously ill here suffering from a complication of diseases.

### AUTHOR APPEARS IN COURT

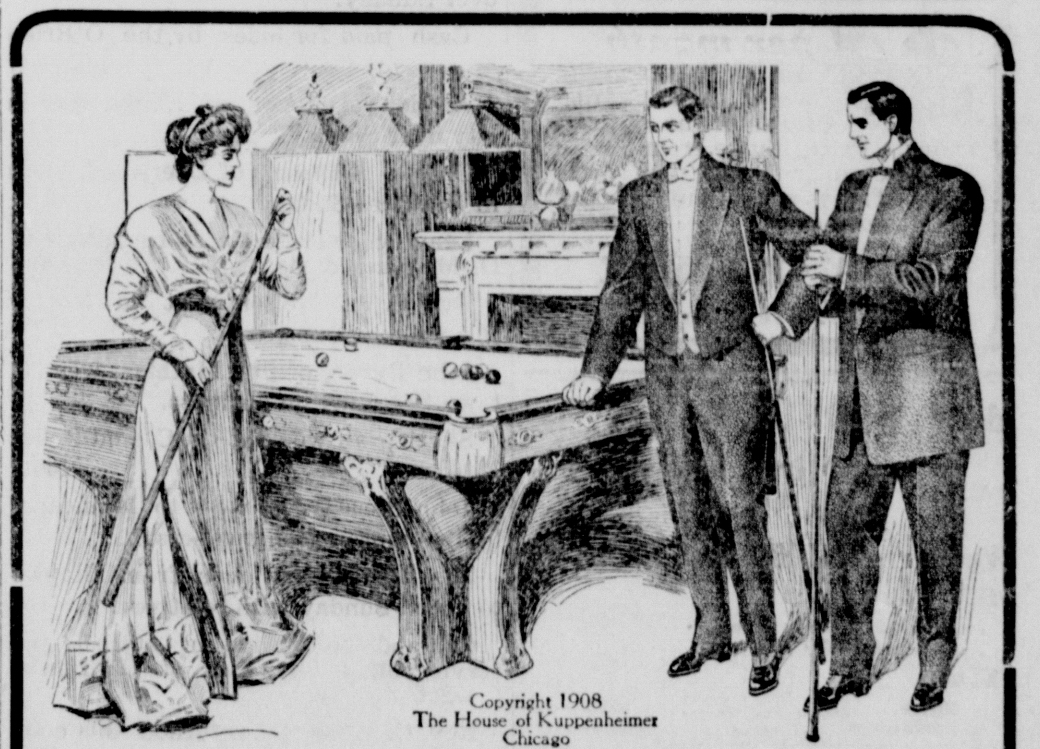

Faces Judge on Larceny Charge For Cleveland Article.

New York, Nov. 30.—Broughton Brandenburg, the author and journalist, faced the court today on a charge of larceny in the second degree in connection with the sale of the disputed Cleveland letter, which caused a sensation during the recent presidential campaign. The letter, which purported to be the views of former President Cleveland on the issues of the campaign, attacked William Jennings Bryan and his views. The paper which published the in-

terview declared that it was purchased from Brandenburg after assurances from the executors of Mr. Cleveland's estate that it was genuine. These assurances were afterward withdrawn by Mr. Hastings, one of the Cleveland executors, and it was then declared that the interview was a forgery.

Brandenburg was arrested in Dayton, O. He waived extradition and was brought to New York. The charge against him is similar to one of obtaining money under false pretenses.

JAP ROSE transparent toilet and bath soap is made from the whitest, purest and best vegetable oils—OILS THAT YOU CAN EAT. Made by KIRK & Co. and grocers.

## Good Clothes like Good Manners are Always Correct

And some times clothes are good manners—occasions when a Full Dress Suit or a Tuxedo should be worn and when nothing else will do.

As rigorously as custom prescribes when a Dress Suit or a Tuxedo shall be worn, just so inflexible is it demanded that they shall be correct. The slightest of the minutest detail is a glaring defect.

You can meet this stern demand for perfection without any irritating delays by purchasing a Kuppenheimer garment. The fabric, the tailoring, the fit of a Kuppenheimer Dress Suit or Tuxedo are unfailingly right.

They are garments that the most fastidious man may be proud to wear.

The only difference between them and those made by the highest priced metropolitan tailors is simply the difference in price. You don't have the extra expense, you don't have to wait, and there is no doubt about what you are getting. They mean instant readiness, certainty and economy.

Better prepare yourself for the social season NOW. You'll not find these perfect garments at any store. We are exclusive agents for THE HOUSE OF KUPPENHEIMER.

### WEATHER FORECAST

Fair west snow flurries east portion tonight Tuesday fair cold wave tonight and Tuesday northwest gale.

MINNESOTA is getting ahead of the grim reaper, there were 19,000 more births than deaths in the state last year.

NONE but newspaper men, Standard oil magnates and wealthy mine owners can enjoy hen fruit when eggs are selling at three cents each.

A MILLION divorces in twenty years makes one shudder when one reads of a marriage announcement. It is a ratio of twelve to one and statistics say that wives obtain twice as many divorces as husbands.

IN many sections of the Red River valley the warm spell of the past few days has started vegetation, the gooseberry bushes have put out leaves and the buds on the cottonwoods are swollen almost to bursting. It's a glorious climate—but there is such a thing as being too fresh.

THE St. Cloud Journal-Press remarks "A few of the country papers seem to have been caught with the magazine sections advertising mail order houses—and other things much worse. Better cut them out. The live merchants of all live towns are entitled to the loyal support of their home papers.

MINNESOTA canned goods are among the best that are put on the market and it is owing to the fact that this state is the only one in the union that has a special law regarding this industry regarding certain sanitary conditions and regulations in every factory, and all artificial preservatives, bleachers, colors or fillers of any kind are eliminated. The industry in this state is destined to become one of the great business enterprises of our agricultural districts.

WINTER CAME  
IN STORM WHIRL

Weather Turned Suddenly This  
Forenoon and Big Blizzard  
is Headed This Way

NEARLY ALL TRAINS ARE LATE

Snow, Wind and Cold Delay Pas-  
senger Trains From Nearly  
all Directions

Winter set in with a vengeance today. There was a light snow fall here last night and it was very warm this morning. The wind whipped to the north-west during the forenoon, however, and by noon was blowing a gale. The railroad headquarters at Duluth sent out cautionary telegrams stating that there was a blizzard coming and that the temperature would fall to zero or below before tomorrow morning.

Six inches of snow fell in the northern part of the state last night and is still snowing hard at noon. Train crews from Staples at noon report that the crews arriving from the west report two feet of snow around Detroit. This however is probably in the cuts. The storm has already commenced to affect the passenger service. The Minnesota & International train lost 45 minutes between International Falls and Bemidji and was about 40 minutes late into Brainerd. No. 11, from Duluth was also about thirty minutes late.

Business men are looking on the storm with great complaisance as winter goods have been moving rather slowly because of the unseasonably warm weather. The much abused coal man was not the only one wanting cold weather.

If You are Over Fifty Read This

TWENTY YEARS AGO

The Lumberman's Exchange hotel will be opened by a grand ball next Tuesday evening.

Postmaster Koop is moving into his new residence on Fourth street north. A. E. Losey has been confined to his rooms for several days on account of illness.

Mrs. J. J. Howe left Sunday noon for Sibley county to attend the funeral of her brother Mr. Edmund Grady, whose death occurred Saturday.

Mr. Gardner has his building on South Sixth street completed and expects to open a first class grocery store in it the middle of next month.

C. N. Parker, W. E. Seelye, Peter Mertz and a couple of eastern gentlemen returned from their hunt in the Pine river country with nine deer. The largest buck was killed by Mr. Mertz and it weighed 225 pounds.

The construction of the new hotel is progressing finely and Mr. Wise promises to have it completed by the first of January.

A party of surveyors has been camped near A. T. Kimball's ranch at Pelican lake. They were running a line in a westerly direction but were very mum as to the object or the parties for whom it was being done.

Charlie Mooers, son of T. H. Mooers, of Gull River, died this morning of diphtheria.

Miss Louise F. Smith, of this city, will leave shortly for the White Earth reservation where she goes to take charge of the Indian mission school.

Alec McNaughton, who has been at Livingston, Mont., for some months, will return to Brainerd shortly to remain.

Miss Kate White, daughter of Mr. and Mrs. Ed. White, was married Tuesday evening to Mr. Clarence Grennell. The wedding was a complete surprise the assembled guests who had been invited to meet Frank White, a brother of the bride, who had returned that evening from Minneapolis.

C. A. Curley and Miss Rose Wedl, were united in marriage at the Catholic church Tuesday morning.

Mrs. H. D. Follett will leave shortly for New York where she will visit during the winter months with relatives.

Notice

Ladies and girls, over 15 years old, free admission and skates every afternoon this month. Come in and learn to skate any afternoon. We will have an instructor on hand to teach you. If you know how to skate you can have a pleasant time.

MUSIC AND DRAMA

Coming Attractions

Dec. 7—Dustin Farnum in "The Squaw Man."

Dustin Farnum in "The Squaw Man" Edwin Milton Royle's drama, "The Squaw Man" with Mr. Dustin Farnum in the title role comes to the opera house, Dec. 7. Mr. Farnum impersonates a gallant and manly young officer of the English government, the scion of a noble house, who takes upon himself the onus of a crime committed by another, that the family honor may not be smirched and innocent lives ruined. He leaves England under this cloud and plunges into the life of the far west, which he pursues for several years; but finally emerges with his name cleared and comes into possession of an earldom and a wife. Prices 50c, 75c, \$1.00 and \$1.50.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. H. P. Dunn. m w f

Y. M. C. A. NOTES

The physical sections committee met Saturday evening. They decided to offer a pennant for the winner in a series of basket ball games to be played between teams of juniors and seniors, providing there were several teams organized and a definite schedule arranged. A similar pennant will be offered to the seniors if they will organize teams.

The boys' meeting Sunday afternoon was well attended and those present enjoyed the address by Rev. Chas. Fox Davis. Engineer Leak also addressed the meeting.

There will be a basket ball game this evening between two senior teams. Juniors will not be permitted to attend.

On Wednesday evening the monthly meeting of the board of directors will be held.

Hexamethylenetetramine

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. H. P. Dunn. m w f

DO HOLIDAY BUYING EARLY

Shoppers Will Get Much Better Service if They do Their Holiday Shopping Before the Rush

"The holiday rush at the Brainerd stores has not yet commenced, but it will soon be here" said a Brainerd merchant. "If shoppers would make an especial effort to make their selections early they would not only confer a favor upon the merchant and the clerks, but they would have a fresher stock to select from and merchants would be able to give them better attention and service than during the rush which always occurs in the last few days before Christmas. Especially those whom circumstances do not compel to await pay day before buying should make an effort to select their gifts before the 20th. It is also advisable to go shopping in the forenoon when possible as there is less likelihood of there being a crowd and it is much easier to get the best service. Purchasers following these suggestions will not only confer a favor on the merchants and clerks but will find it advantageous to themselves.

Winter blasts, causing pneumonia, pleurisy and consumption will soon be here. Cure your cough now, and strengthen your lungs with Foley's Honey and Tar. Do not risk starting the winter with weak lungs, when Foley's Honey and Tar will cure the most obstinate coughs and colds, and prevent serious results. H. P. Dunn. m w f

NEW TEA STORE

Branch Store of Royal Tea Co. Opened in Wise Block

The Royal Tea Co., of Chicago, which recently established a branch of their business in this city, are now located in their new quarters in the Wise block, downstairs, corner 6th and Front St. This company is one of the largest dealing in teas and coffees, handling teas, coffees, spices, extracts, baking powder, and a large list of other daily household necessities. In addition to this the company offers a fine line of premiums. Thos. Cawley, Jr. formerly manager of the New Steam Laundry is managing the business.

LOCAL NEWS NOTES

(Continued from page 2)

pects to leave on the midnight train tonight for his home in Missoula, Mont.

C. K. Guy, who has been holding down a chair in the Ransford barber shop for some months, left this morning for Des Moines, Iowa, where he will take charge of a shop. He is succeeded here by Fred Vaughn, a brother of Alderman Vaughn.

Mr. and Mrs. Carl Brockway, Mrs. J. P. Early and sons and Miss Marie Canan, returned this morning from Jamestown, where they spent Thanksgiving with relatives and attended the wedding of Miss O'Donnell, a sister of Mrs. Thos. Canan.

The members of the Court of Honor pleasantly surprised Mr. and Mrs. Jas. Welch at their new residence, 704 South Pine street last Saturday evening. The evening was spent with cards and music and dainty refreshments were served at the close.

Mr. and Mrs. Geo. Grewcox arrived in this city on the train from the west this afternoon. Mr. Grewcox and Miss Mabel Cole were united in marriage at the home of her mother in Glendive a week ago today. A reception will be held for them at the residence of his mother, Mrs. Jennie Grewcox tomorrow evening.

Miss Maggie McDonald was over from Staples Saturday to see her brother, John McDonald, who has been in the Northern Pacific hospital for some weeks suffering from knife wounds received at the hands of a burglar. Mr. McDonald is improving rapidly and was able to sit up Sunday. He is now out of danger.

The new Citizen's State bank building was the center of attraction Sunday afternoon. It was so pleasant that many were out walking and there was an almost constant stream of people in and out of the building. The studding for the partitions on the first and second floors are now in place so that it is possible to get an idea of the interior arrangement. The building is certainly going to be a credit to Brainerd.

Con O'Brien has received a letter from Peter Bass, formerly of Hellensburg, but now of Dumrid, Va., bringing the news of the death of the wife and son and daughter of Mr. Bass. Mrs. Bass died in August, while his daughter Cora and his son Frank died during the month of November. Mr. Bass likes the Virginia country very much.

Rev. Dr. E. K. Copper, district superintendent of the Brainerd District of the Methodist Episcopal church, who was chaplain of the Minnesota house of representatives four years ago is being urged by friends all over the district to again be a candidate for that position. He states, however, that the pressure of the work of his official position is such that it is absolutely impossible for him to think of undertaking any outside duties.

C. E. Brown, of Elk River, who assisted in conducting the farmers' institute here was in the city last night on his way to Pequot to hold a meeting tomorrow. He reports a very well attended and profitable meeting at Pillager Saturday, there being also an evening session held which was well attended. Mr. Chapman, who talked on poultry and gardening, has been assigned to a southern circuit of work and A. J. McGuire, of the Grand Rapids experimental farm, will join Mr. McLaren and Mr. Brown at Pequot and assist in the northern part of the state.

The members of the Public Ownership party here held a very enjoyable affair in Bakers hall Saturday evening. J. E. Nash, state secretary of the public ownership party was present and addressed a gathering of about 125 members of the organization and their ladies. Mr. Nash was introduced by M. J. Enright and spoke about three-quarters of an hour on the principles of the party. At the close of his address he presented R. A. Henning with a handsome writing desk as a testimonial from his co-workers in the cause in Brainerd and Mr. Henning made a very appropriate response. There was music by an orchestra composed of members of the club, and after a lunch was served the assemblage enjoyed themselves by tripping the light fantastic toe.

The fire department was called to West's restaurant at an early hour this morning by a fire which originated in a peculiar manner, and which had there been no one there would have been a disastrous blaze of unknown cause. There were three 2x12 floor joists running crosswise under the floor of the kitchen. Over the floor were three thicknesses of asbestos paper, and over that an inch of cement, on which the stove rested. The night crew discovered smoke coming out through the ceiling of the basement and gave the alarm. When the boys came to cut away the ceiling the fire was found to be entirely in the cracks between these three timbers. The only theory of the origin is that when Mann's bakery was in the room floor dust may have sifted through the floor, which was old and becoming perfectly dry from the warmth of the stove caused spontaneous combustion. It did not come from the stove as the upper side of the floor boards was uncharred, neither did it come from the electric wires as they were strung below the ceiling, which was unburned. The damage was slight and the restaurant was not put out of commission in the least.

All the insurance business connected with the Hawkeye Insurance Company, of Des Moines, Iowa, the Country Fire Insurance Company, of Philadelphia, Pa., and the New Brunswick Fire Insurance Company, of New Brunswick, N. J., and all of the Plate Glass Insurance business connected with the New Amsterdam Casualty Company, of New York, N. Y., has been sold by the undersigned to R. J. Hartley and C. A. Allbright including the good will and renewals of same and I desire that all renewals of business now in force in said companies be made with Hartley and Allbright instead of me.

Not Engaged in Bartering. A Milwaukee book agent has his troubles occasionally. Not long ago he entered the office of a young lawyer who was buying his first library. After the different books necessary for a beginning in this direction had been discussed the agent said, "I will charge you \$10 for this in boards or the same set will be \$15 in sheep." The lawyer looked as if he thought the agent had gone crazy. "If you will make me a price in straight dollars," the young man said, "I'll tell you whether I want it or not. You don't suppose I am going to pay my bills with sheep and lumber, do you, even if my father is a lawyer in northern Wisconsin?"—Milwaukee Free Press.

Home Life in Spain.

One of the prettiest things in home life all over Spain is the natural and kindly way in which the servants are made a part of the family. In the don's house the little maids often take part in the conversation, speak to the guests and ask them to stay longer, and even the porters and kitchen visitors pop their red capped heads into the door to say the Spanish equivalent for "Howdy" to the family, just as old negroes do in the southern states.—Ellen Maury Slayden in Century.

A Feat For a Camel.

Theodore P. Roberts had a fluent command of language, both in speaking and writing, and was well liked by everybody. He could secure the attention of a negligent publisher if need be. To one such, who was remiss about sending vouchers, he once closed up a long letter with the sentence: "And, finally, my dear sir, permit me to say that it would be easier for a camel to ride into the kingdom of heaven on a velocipede than for any one to find a late copy of your paper in the city of New York."—Argonaut.

# Dr. Pierce's Common Sense Health Talks

No man is stronger than his stomach. Make your stomach strong and you thereby fortify your system against the attacks of a long list of diseases which originate in the stomach and must be reached, if at all through the stomach. Thus torpid, or lazy liver, biliousness, dyspepsia, impure blood and various skin affections originate in weak stomach and consequent poor nutrition. The same is true of certain bronchial, throat and lung affections.

## Dr. Pierce's Golden Medical Discovery

**Strengthens the stomach, invigorates the liver, purifies the blood making it rich, red and vitalizing and thereby curing the above and kindred affections.**

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Golden Medical Discovery." The dishonest dealer sometimes insist that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Golden Medical Discovery. If not promptly supplied trade elsewhere.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, cloth-bound. Address: World's Dispensary Medical Association, R. V. Pierce, M. D., Pres., Buffalo, N. Y. Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

## WOODRUFF OUT OF THE RACE

Root Will Be Elected Senator From New York.

### AFTER CONFERENCE WITH TAFT

Chairman of New York Republican State Committee Eliminates Himself From the Senatorial Race in Favor of Roosevelt's Secretary of State—President-Elect Taft Pleased With Woodruff's Action.

Hot Springs, Va., Nov. 30.—Timothy L. Woodruff, chairman of the New York Republican state committee, has eliminated himself from the senatorial race in favor of Secretary of State Elihu Root.

This action was taken after a protracted conference with President-elect Taft and was followed by statements by both Messrs Taft and Woodruff. Aside from these statements, each of which concedes the election of Mr. Root to succeed Senator Platt on Jan. 19, next, no details of the conference were made known. Mr. Taft said:

"I can only say that I am very much pleased at the attitude that Governor Woodruff has taken. He has been moved by an earnest desire to promote party harmony and has established his claim to the gratitude of the Republicans of New York and

TIMOTHY L. WOODRUFF.

also of the country at large for making it as certain as possible that such a statesman as Mr. Root will be chosen to represent the state of New York in the senate.

"I am personally very much pleased, now that I have had to give up my purpose to continue Mr. Root in the cabinet that I shall have the support and assistance which he will render to the administration with his great ability and his knowledge of governmental affairs. I am sure from what I know that the action of Mr. Woodruff and the election of Mr. Root will conduce to great harmony among the Republicans in New York and will strengthen the party."

In his statement Mr. Woodruff denied that any offer of a position in the Taft administration had been made to him, and intimated there was nothing the president-elect could offer him that he would be inclined to accept.

### Root's Election Conceded.

Albany, N. Y., Nov. 30.—That Secretary of State Elihu Root will be elected by the legislature on Jan. 20, next, as United States senator to succeed Thomas C. Platt was practically conceded by politicians here following the announcement from Hot Springs, Va., that Timothy L. Woodruff, chairman of the Republican state committee, had withdrawn from the race in favor of Mr. Root.

## WITH PUBLIC CEREMONIES

Tuberculosis Show Opened in New York City.

New York, Nov. 30.—The tuberculosis show of the International tuberculosis congress, recently held in Washington, was opened here today with public ceremonies. Governor Hughes and Mayor McClellan delivered addresses. Both officials dwelt on the great importance of the efforts being made to combat tuberculosis and predicted that the show would prove an important factor in the international war that is now being waged on the disease.

The purpose of the show is to give a demonstration of the methods in use in this and other countries to prevent and cure consumption. The exhibit is housed in the American Museum of Natural History and is open to the public from 10 a. m. to 10:30 p. m. and on Sunday afternoons. The exhibits will remain on view six weeks. It is expected that hundreds of thousands of persons will visit the exhibition.

While by far the larger number of the nearly 450 exhibitors are from the United States, there are many from South America, Europe and even Japan. Most of the states of the Union have separate exhibits; some, like New York and Pennsylvania, have extensive official exhibits, flanked by the exhibits of progressive anti-tuberculosis societies, sanitariums and hospitals.

### STEVENSON WILL CONTEST

Believes He Received Majority of Votes Cast in Illinois.

Chicago, Nov. 30.—Adelai E. Stevenson purposes a contest against Charles S. Deneen for the governorship of Illinois for the next four years. The Democratic candidate has come to the belief that he received a majority of the votes cast as between himself and Governor Deneen at the recent election.

The official canvass gave Deneen 23,164 plurality.

### GATHERING OF PROTESTANTS

Governor Hughes and Others to Address Council in Philadelphia.

Philadelphia, Nov. 30.—This city will be the scene this week of one of the largest religious gatherings ever held in America. It will be the meeting of the Federal Council of the Churches of Christ in America, representing almost all of the Protestant denominations. Of the large churches of the country the only one not represented in the council is the Protestant Episcopal. Twenty-eight leading Protestant churches will send 366 delegates to the convention.

Governor Hughes of New York, as one of the thirty-two representatives of the Baptist church in the council, will participate in the discussion of topics bearing upon church federation and will address one of the mass meetings. His theme will be "Civic Righteousness."

### Body Found Under Bridge.

Minneapolis, Nov. 30.—The body of John B. Gedney, brother of M. A. Gedney, Charles B. Gedney and Isadore V. Gedney, proprietors of the M. A. Gedney Company of St. Paul, was found under the bridge of the Minneapolis and St. Louis railway here with his skull fractured. It is supposed that he had been robbed and thrown over the bridge by the highwaymen or that he accidentally fell from the bridge.

### Wife Murderer Electrocuted.

Auburn, N. Y., Nov. 28.—William Brash, the Rochester wife murderer, in whose case Governor Hughes refused to interfere, was electrocuted in Auburn prison. Brash killed his wife that he might marry May Gilmore of Defiance, O. He was arrested in Cleveland and brought back to Rochester for trial.

## DYNAMITE IN THE MAKING.

Workmen Who Are Encircled by Death In Gallons and Tons.

So thoroughly deceptive is dynamite in the making that you are apt to be disappointed on viewing the surface of things. You could more readily fancy thunderbolts leaping and crashing from tender blue skies than that the most fearful forces in creation are hidden under such a peaceful exterior. Nitroglycerin, a cupful of which would distribute you over square miles of landscape, is diligently mixing around you in hundreds and thousands of gallons.

It is making itself in big iron retorts, tascading down leaden gutters and merrily tumbling in minute Niagaras into immense vats, where the deliquescent yellow peril pursues its journey powderward. Out of one receptacle it fares furiously through special lead coils, driven only by cooling blasts of air, and is drawn off like draft ale and piped on to the next perfecting stage. Gaze with the nitroglycerin expert into one of those big caldrons. The interior is brilliantly illuminated by electricity, the only illuminating agency permitted in or about the dangerous houses.

Around you are other houses at uniform distances apart and connected by a series of narrow gauge tracks wherein workmen are railroading nitroglycerin from here and pulp cotton from there to be compounded into dynamite and blasting gelatin. Greatest care is taken in rolling the product from house to house. As soon as a loaded cart is ready to pass out of the nitroglycerin house, for instance, a semaphore signals from an adjoining station, to which the consignment is carefully hurried.

Around you are long storehouses packed with pulp in tons of innocent whiteness. Presently this pulp will assume a tan color under the nitrating process, and then, suddenly becoming carbonite, red cross, hercules, judson and giant powder, forcite or what you order, it develops the quasi virtues of dynamite—dynamite or blasting gelatin in which more natural forces are condensed to the cubic inch than exist anywhere else in creation. Death, curbed and sleeping, encircles you in gallons and tons. Annihilation threatens at every turn in the form of potential pulverizing forces. But the man and the mercury are there also, alert, responsive, reliable.—Leslie's Weekly.

## SWOLLEN BY HEAVY RAINS

Streams in Kansas Overflow the Lowlands and Damage Property.

Galena, Kan., Nov. 30.—Swollen by heavy and incessant rains of ninety-six hours, streams in the vicinity of Galena have broken through their banks, overflowing the lowlands and damaging property.

Spring river is on a rampage and at Badger the mains are in danger of being flooded.

Reports received here state that the Neosho river is out of its bed.

## AFTER ATHLETIC RECORDS

Men of Muscle Meet in Indoor Championships.

New York, Nov. 30.—The indoor athletic championships of the Amateur Athletic union will be held in Madison Square Garden tonight and tomorrow night. It is confidently expected that several records will be smashed by the athletes who have entered their names for the various events.

Con Leahy, the Irish jumper, has sent in his entry. Leahy has been training hard in order to get in good condition for this event and will endeavor to win back his laurels from Harry F. Porter, who defeated him last year. Porter is also entered, as well as a score of other well known jumpers.

Mat McGrath, the giant policeman, who competes for the New York A. C., will meet some well known weight tossers. Last year McGrath broke the record for this event, and it is likely that he may set up a new record this time.

For the first time in the history of the indoor championships the colleges will take part in the meeting.

## QUEEN SEEKS INDEMNITY

Former Ruler of Hawaii to Urge Passage of Relief Bill.

Washington, Nov. 30.—Ex-Queen Liliuokalani of Hawaii, accompanied by Prince and Princess Kalaniano'ole and her secretary, Alimoku, has reached Washington from Honolulu. Hawaii's former ruler is here to appear before congress and urge the passage of Delegate Kalaniano'ole's relief bill to indemnify the queen for certain lands which were confiscated by the United States. George B. McClellan of the Honolulu Chamber of Commerce says that Queen "Lili" negotiated a mortgage on her Hawaiian home to finance her trip to Washington. Queen "Lili" contends that at the time the lands were confiscated the property of the crown yielded an income of \$50,000 a year.

### Frank J. Mead Is Dead.

Minneapolis, Nov. 30.—Frank J. Mead, one of the best known newspaper men of the early pioneer days in the Northwest, died at the Swedish hospital here from heart disease and general breakdown of the vital organs due to advanced years. He was seventy-three years old and one of the first residents of the state, arriving in St. Paul in 1857, and being employed on the Pioneer, the predecessor of the Pioneer Press of today.

### Involved in Great Uncertainty.

Berlin, Nov. 30.—The conclusion of the first reading of the government's ten finance bills leaves the fate of the whole scheme of fiscal reform involved in the greatest uncertainty, although it seems practically certain that all taxes proposed will be greatly modified in committee, to which the matter has been referred by the reichstag, or wholly rejected.

### Castro's Mission Is Diplomatic.

Basse Terre, Island of Guadeloupe, Nov. 30.—President Castro of Venezuela arrived here aboard the steamer Guadeloupe on his way to Bordeaux. In reply to interviewers, President Castro declared that the object of his journey was to settle some diplomatic business with the French government.

### South Dakota's Gold Output.

Pierre, S. D., Nov. 30.—The report of the state mine inspector, filed last week with the governor, shows South Dakota's gold production for last year to have been the highest in the history of the state and it was worth \$7,460,000.

### Five Dollar Soap.

"It is the proper thing to have your soap made to order," said a masseur. "All the great actresses, all the great millionaires' wives and many quite ordinary people have their soap made to order, paying for it anything from 50 cents to \$5 a cake."

"This green soap costs \$5 a cake. It is made to order in Paris for a beautiful actress. Note her crest and monogram in gold on each green cake."

"The soap is made not of ordinary soap fat, but of spermaceti, the clear fluid which fills the hollow skull of the cachalot or sperm whale. It is perfumed with ess bouquet, one of the costliest perfumes going. It is, you see, pretty, its odor is delightful, and it yields a perfect lather. Even at that it doesn't seem to me worth 10 cents a wash, but so, the actress tells me, its cost works out."—New Orleans Times-Democrat

## To Digest the Food

Bile in the intestines is as important to digestion as are the gastric juices in the stomach and bile is only supplied when the liver is in active condition.

The serious and chronic forms of indigestion are cured by Dr. A. W. Chase's Kidney and Liver Pills because of their influence on the liver causing a good flow of bile to aid digestion and keep the bowels regular, thereby preventing fermentation of the food, the formation of gas and all the disagreeable symptoms of indigestion.

Long standing cases of chronic indigestion yield to Dr. A. W. Chase's Kidney and Liver Pills after all else has failed.

MR. F. W. BIGLEY, Murfreesville, W. Va., writes:—"For sixteen years I suffered from indigestion and liver trouble and consulted several physicians in vain. Two boxes of Dr. A. W. Chase's Kidney and Liver Pills did more for me than all the medicines I ever used. My mother used them with equally good results."

One pill a dose, 25 cts a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

**Dr. A. W. Chase's Kidney and Liver Pills**  
H. P. DUNN.

## MANY BODIES ARE RECOVERED

Fifty-two Taken From Mine at Marianna, Pa.

### MOST OF THEM MUTILATED

No Doubt Now That the List of Dead Will Total One Hundred and Thirty-Eight Men—Relatives of the Victims Stand About the Mouth of the Pit But the Usual Harrowing Scenes Are Missing.

Pittsburg, Nov. 30.—Fifty-two bodies, all but two of them horribly mutilated, and a number of them dismembered, have been taken from the mine of the Pittsburg-Buffalo Coal company at Marianna, forty miles south of here, where an explosion killed many men and cast into gloom what was until then considered the model mining town of the world.

There is no doubt that the death list will reach 138 men. Officials of the company, who had previously stated that not over 125 had been killed, now admit that 138 men went down the shaft to work. According to the miners and others familiar with the number of men generally employed in the mine the death list will exceed the company's estimate by at least fifty.

Fifty-two bodies have been brought to the surface in the iron buckets. Arms, legs or heads were missing from some and the trunks of others were burned, bruised and cut.

Two of the men taken from the mine had been suffocated and their bodies were not even scratched. One of these was John Ivill, a cousin of John H. Jones, president of the Pittsburg-Buffalo Coal company, owners of the mine, who was employed as head timekeeper. Ivill's body was found beneath a coal digging machine and it was apparent that the young man had crawled there in a vain effort to escape the deadly fumes.

The coroner of Washington county held a meeting to organize a jury and then adjourned until all of the bodies have been taken from the mine.

The opinion is expressed by a number of expert miners that the mine will not be cleared of victims for several days.

A small fire broke out in the mine but was extinguished.

Conditions about the mouth of the mine were disagreeable all day. A drizzling rain fell and the weather grew cold. Many relatives of the victims stood all day close to the ropes around the shaft, but there were few of the harrowing scenes usually associated with a mine explosion. Most of the relatives are English-speaking people, who bear their grief in silence. It is estimated that one-fourth of the victims are Americans. As rapidly as possible the work of rescue is being carried on. At short intervals new men are sent into the mine to relieve others searching for the dead. Owing to the dangerous gases and the mass of wreckage in the mine the rescue work is slow and is being carried on with great precaution. Experts from Pennsylvania and West Virginia are in charge of the work of exploration.

### PARTY RUN DOWN BY A TRAIN

Woman Killed and Husband and Son Injured.

Stevens Point, Wis., Nov. 30.—A sad sequel to Wednesday night's cyclone was enacted when Mr. and Mrs. John D. Langosky and four children were run down by the afternoon express train from the west on the Wisconsin Central bridge over the Wisconsin river. They heard the train coming and were hurrying to escape when it came in sight around a sharp curve.

Three of the children ran ahead and got off, but the man and wife and youngest son were caught about ten feet from the end of the bridge. The top of the woman's head was ground off under the wheels and her body was thrown off the track to the rocks, sixteen feet below.

The father and son were knocked off to the rocks below, the former's elbow being shattered and the latter sustaining a fatal fracture of the skull.

The victims were among the crowd of several thousand sightseers who had gone over the track of the cyclone to view the ruins.

Carnegie Donates to College.

Fayette, Ia., Nov. 30.—President William A. Shanklin of Upper Iowa university has received a check from Andrew Carnegie for \$30,000 in payment of Mr. Carnegie's pledge to give that amount when \$150,000 additional endowment of the university should have been completed.

### SHOT IN BACK OF THE HEAD

South Carolina Man Mysteriously Assassinated.

Charleston, S. C., Nov. 30.—An assassination, still shrouded in mystery, took place at Barnwell, this state, when Perry Ussery was shot in the back of the head with a load of buckshot and slugs while standing talking to a friend just on the edge of the grounds of a carnival. Ussery was instantly killed. Marvin Holland, to whom he was talking, was slightly wounded. The shot was fired from out of the darkness. Immediately after the shooting a man whose identity is not known was seen running toward a nearby swamp with a gun in his hand. Bloodhounds from the state penitentiary followed the trail through the swamp, losing it in the road on the other side.

### BELL IS READY FOR FLIGHT

Will Try Flying Machine in Nova Scotia This Week.

Halifax, N. C., Nov. 30.—Dr. Alexander Graham Bell, the famous inventor of the telephone, has completed his experiments at Bras d'Or lake with his flying machine, the aerodrome, as he names it, and is ready to make a public trial of the machine this week. He is confident that it will surpass the recent records made by the Wrights and others.

Professor Bell proposes to launch his aerodrome by means of a platform placed on two powerful racing motor boats. The boats will run up into the outer Bras d'Or lake, and when a speed of 18 knots is attained the aerodrome will be released. It will then, according to Professor Bell, soar into the air and fly away at the will of the man at the helm. The inventor declares the flight will be made without the slightest risk to the life or limb of the operator.

## SEVERE STORM IN COLORADO

Heaviest Fall of Snow Ever Recorded in That State.

Denver, Nov. 30.—The eastern portion of Colorado has been visited by one of the heaviest falls of snow ever experienced in this section, at some points a new record being established. The entire plains country east of here was included in the visitation. It is there that the railroads experienced the greatest difficulty, but reports indicate that delays are not serious.

Reports from Trinidad, in the southern part of the state, say that twenty inches of snow lies on the level in that section and in Northern New Mexico. The storm there has been in progress for two days and train service is demoralized. The district traversed by the Burlington road in the northern part of the state experienced the brunt of the storm in that section. From Yuma comes a report of a sixteen-inch snowfall and from Fort Morgan, about half way between Yuma and this city, fourteen inches.

The Union Pacific and Rock Island lines east are under a foot of snow, according to reports from Limon, a junction point in Eastern Colorado.

There had been little wind and the temperature was mild but now a brisk breeze has started, which bids fair to change to freezing blasts. Should this occur railroad traffic must become seriously impeded and great losses to live stock might result.

### THOUSANDS ARE HOMELESS

Hundreds of Houses in West Guthrie, Okla., Under Water.

Guthrie, Okla., Nov. 30.—As the result of a forty-eight hour downpour in the valley of the Cottonwood river and its tributaries, the Cottonwood overflowed here. Several hundred homes are partially under water in West Guthrie and 3,000 people are homeless. The river is one foot higher than ever before in its history, and is rising twelve inches an hour. Street car service is completely at a standstill and the city's water plant is under water. The Atchison, Topeka and Santa Fe roundhouse and shops are inundated, and all railroad trains in and out of Guthrie have been annulled. Near Seward, Okla., the Santa Fe tracks are out and the railroad bridge at Red Rock has been washed out. All the other railroads entering here report miles of track washed out or completely under water. Five persons lost their lives as the result of the floods.

## MARCHING ON THE CAPITAL

Haytien Insurgents Advancing on Port au Prince.

### DEFEAT GOVERNMENT TROOPS

Rebels Seize the Towns of Miragoane and Petit Goave—Minister of War Takes Refuge in the German Consulate—President Nord Alexis Actively Engaged in Organizing His Forces for the Coming Battle.

Port au Prince, Hayti, Nov. 30.—The revolutionists, under command of General Antoine Simon, the former commander of the Department of the South, following up their victory over the government forces at Anse a Veau, are pushing on to Port au Prince. They have driven back the government troops many miles and have seized the towns of Miragoane and Petit Goave. It is believed that General Celestin Cyriaque, minister of war, who took refuge in the German consulate at the former town, is still there, but it is feared that there will be many desertions of Haytiens to the revolutionary army.

President Nord Alexis has energetically rejected the suggestion which has been made to him that he give up the struggle and the government is now actively engaged in organizing its forces for a strong resistance. Three divisions of well disciplined troops under command of General Andre, minister of interior and police, occupy a position about six miles outside of the city. These troops are entrenched at the convergence of the three roads and they hold a commanding position.

The south approach to the city is being fortified and the forts by Zoton and Mercedi, mounting modern artillery, command the road.

Just how long it will take the revolutionists to traverse the road from Miragoane, which is about fifty miles from Port au Prince, is a matter of doubt, but as there are no government forces to check them, they are likely to reach this city within forty-eight hours. The engagement will be serious and it is thought forces may be landed from the warships now in the harbor for the purpose of preventing pillage and injury to the foreign residents.

### Excitement in the City.

At present there is considerable excitement in this city, for while there have been many revolutions in Hayti none have been so successful at the outset as the present. General Simon, who was commander of the Department of the South for twenty years, is recognized as a strong man and an exceedingly popular one. He was ordered about a month ago by President Nord Alexis to come to this city and confer with the president on political matters, but fearing that if he did so his life would be in danger, General Simon declined to obey the order and made ready to repel any attack of the government. He had a strong following, at Aux Cayes and when he was declared a rebel, thousands flocked to his banner in that town and the towns of Jeremie and Aquin. His success in forcing General Leconte and his followers, who had been sent to Aux Cayes by the president to overcome the revolutionists, to flee and his later success in routing the forces under General Celestin at Anse a Veau, have probably brought many more Haytiens to his command.

In addition to this the sea blockade of three ports instituted by the government has proved a failure. Steamers of the regular lines are touching freely at those ports and it is a blockade in name only.

The United States cruiser Tacoma and the French training ship Duguay Trouin are now in the harbor and the British cruiser Scylla and the Italian cruiser Pieramosa are expected to reach Port au Prince within a few days.

### Minneapolis Man Killed.

Minneapolis, Nov. 30.—Caught in gearing of a 40-horsepower electric motor, Mangus Johnson, fifty-five years old, received injuries at the Merchants' elevator from which he died three minutes after reaching the city hospital. Johnson, who was employed as an oiler in the elevator, was cleaning up around the motor, when the sleeve on his right arm caught in the teeth of the cog gearing on one side of the motor and the arm was torn off.

### Army Defeats Navy.

Philadelphia, Nov. 30.—In one of the fiercest football games seen on Franklin field this year the army vanquished the navy by the close score of 6 to 4—a touchdown and goal against a goal from the field.

### We are prepared for it

The weather man today says "cold wave coming". We prepared to supply you with the warm wearables you will need, many months ago. Come direct to our store for the things you will want during the cold days. Warm coats, warm underwear, warm hosiery, warm gloves and mittens—all else that you would expect to find in a dry goods store.

## NEW LIGHT ON THE STEINHEIL MURDER

### Strengthens Conviction of the Widow's Guilt.

Paris, Nov. 30.—All the new light thrown on the murder of Adolphe Steinheil and Madame Japy, which occurred on the night of May 31 at the home of the artist, only goes to strengthen the conviction that Madame Steinheil either strangled the victims alone after administering a narcotic or poison, subsequently binding herself to her bed, or had an accomplice in the person of a professional criminal.

The body of the murdered painter was disinterred and removed to the morgue, but the surgeons found that it was in such a state of decomposition as to make it an impossibility to perform a complete autopsy. They contented themselves with taking away the viscera for chemical analysis, in order to discover if possible, traces of poison. The glasses found at the time of the murder will also be examined.

It is now learned that Madame Steinheil was receiving the visits of another rich lover, in addition to Maurice Borel, and that she had promised each of them she would marry him in the event of her becoming widowed or divorced. Testimony from every quarter seems to upset completely the charges of the Royalist press that the late President Felix Faure was the victim of criminal dealings, but even M. Dupuy, his premier, does not deny that Madame Steinheil was with him shortly before he expired. She adopted a clever ruse to divert suspicion from her at the time. Before going to Elysee palace she visited a distinguished painter, to whom she confided that she was on her way to see the president. The following day the painter received a letter from her, filled with expressions of grief at the death of President Faure, but adding that unfortunately she was taken ill and unable to see him. The physician whom she said attended her at the time declares that he never saw her until long afterwards.

### Girl Accidentally Wounded.

Kenosha, Wis., Nov. 30.—Lillian Christenson, the thirteen-year-old daughter of Marius Christenson, was accidentally shot and it is feared fatally wounded while at the Christenson home here by John Rasmussen, aged eighteen years. Rasmussen was loading a revolver, when it was accidentally discharged, the bullet striking the girl just above the heart.

### Famous Sculptor Ill.

New York, Nov. 30.—John Quincy Adams Ward, aged seventy-eight years, the oldest living American sculptor, is seriously ill here suffering from a complication of diseases.

### AUTHOR APPEARS IN COURT

Faces Judge on Larceny Charge For Cleveland Article.

New York, Nov. 30.—Broughton Brandenburg, the author and journalist, faced the court today on a charge of larceny in the second degree in connection with the sale of the disputed Cleveland letter, which caused a sensation during the recent presidential campaign. The letter, which purported to be the views of former President Cleveland on the issues of the campaign, attacked William Jennings Bryan and his views.

The paper which published the in-

terview declared that it was purchased from Brandenburg after assurances from the executors of Mr. Cleveland's estate that it was genuine. These assurances were afterward withdrawn by Mr. Hastings, one of the Cleveland executors, and it was then declared that the interview was a forgery.

Brandenburg was arrested in Dayton, O. He waived extradition and was brought to New York. The charge against him is similar to one of obtaining money under false pretenses.

JAP ROSE transparent toilet and bath soap made from the whitest, purest and best vegetable oils—OILS THAT YOU CAN EAT. Made by K. R. E. Co., Chicago, Ill.

## Good Clothes like Good Manners are Always Correct

And some times clothes are good manners—occasions when a Full Dress Suit or a Tuxedo should be worn and when nothing else will do.

As rigidly as custom prescribes when a Dress Suit or a Tuxedo shall be worn, just so inflexible is it demanded that they shall be correct. The slightest of the minutest detail is a glaring defect.

You can meet this stern demand for perfection without any irritating delays by purchasing a Kuppenheimer garment. The fabric, the tailoring, the fit of a Kuppenheimer Dress Suit or Tuxedo are unfailingly right.

They are garments that the most fastidious man may be proud to wear.

The only difference between them and those made by the highest priced metropolitan tailors is simply the difference in price. You don't have the extra expense, you don't have to wait, and there is no doubt about what you are getting. They mean instant readiness, certainty and economy.

Better prepare yourself for the social season NOW. You'll not find these perfect garments at any store. We are exclusive agents for THE HOUSE OF KUPPENHEIMER.

### WEATHER FORECAST

Fair west snow flurries east portion tonight Tuesday fair cold wave tonight and Tuesday northwest gale.

MINNESOTA is getting ahead of the grim reaper, there were 19,000 more births than deaths in the state last year.

NONE but newspaper men, Standard oil magnates and wealthy mine owners can enjoy hen fruit when eggs are selling at three cents each.

A MILLION divorces in twenty years makes one shudder when one reads of a marriage announcement. It is a ratio of twelve to one and statistics say that wives obtain twice as many divorces as husbands.

IN many sections of the Red River valley the warm spell of the past few days has started vegetation, the gooseberry bushes have put out leaves and the buds on the cottonwoods are swollen almost to bursting. It's a glorious climate—but there is such a thing as being too fresh.

THE St. Cloud Journal-Press remarks "A few of the country papers seem to have been caught with the magazine sections advertising mail order houses—and other things much worse. Better cut them out. The live merchants of all live towns are entitled to the loyal support of their home papers."

MINNESOTA canned goods are among the best that are put on the market and it is owing to the fact that this state is the only one in the union that has a special law regarding this industry regarding certain sanitary conditions and regulations in every factory, and all artificial preservatives, bleachers, colors or fillers of any kind are eliminated. The industry in this state is destined to become one of the great business enterprises of our agricultural districts.

WINTER CAME  
IN STORM WHIRL

Weather Turned Suddenly This  
Forenoon and Big Blizzard  
Is Headed This Way

NEARLY ALL TRAINS ARE LATE  
Snow, Wind and Cold Delay Pas-  
senger Trains From Nearly  
all Directions

Winter set in with a vengeance today. There was a light snow fall here last night and it was very warm this morning. The wind whipped to the north-west during the forenoon, however, and by noon was blowing a gale. The railroad headquarters at Duluth sent out cautionary telegrams stating that there was a blizzard coming and that the temperature would fall to zero or below before tomorrow morning. Six inches of snow fell in the northern part of the state last night and is still snowing hard at noon. Train crews from Staples at noon report that the crews arriving from the west report two feet of snow around Detroit. This however is probably in the cuts. The storm has already commenced to affect the passenger service. The Minnesota & International train lost 45 minutes between International Falls and Bemidji and was about 40 minutes late into Brainerd. No. 11, from Duluth was also about thirty minutes late. Business men are looking on the storm with great complaisance as winter goods have been moving rather slowly because of the unseasonably warm weather. The much abused coal man was not the only one wanting cold weather.

If You are Over Fifty Read This  
Most people past middle-age suffer from kidney and bladder disorder which Foley's Kidney Remedy would cure. Stop the drain on the vitality and restore needed strength and vigor. Commence taking Foley's Kidney Remedy today. H. P. Dunn. m w f

Sixty Dollars and Costs  
The jury in the case against Thos. H. Beare, charged with having the Ransford bar open at illegal hours returned a verdict of guilty Saturday evening. Judge Allbright imposed a fine of \$60 and costs. Mr. Beare has announced his intention of appealing the case. The trial of the case, including the securing of a jury occupied the municipal court nearly the entire day on Saturday.

If you suffer from constipation and liver trouble Foley's Ornio Laxative will cure you permanently by stimulating the digestive organs so they will act naturally. Foley's Ornio Laxative does not gripe, is pleasant to take and you do not have to take laxatives continually after taking Ornio. Why continue to be a slave of pills and tablets? H. P. Dunn. m w f

Fifty Dollars Reward  
The Riverside Gun Club will pay \$50 reward for information that will lead to the arrest and conviction of the person or persons who unlawfully injured, destroyed or carried away property of the club within four months last past. Brainerd, Minnesota, Nov. 30, 1908. GEO. E. TRENT, President. H. L. PAINE, Secretary. 15116 wtf

Approved.  
"I suppose," said the sad eyed youth at the musical, "you know the difference between bel canto and coloratura?"  
"Young man," answered Mr. Cumrox severely, "I never bet on race horses."

TWENTY YEARS AGO

The Lumberman's Exchange hotel will be opened by a grand ball next Tuesday evening.  
Postmaster Koop is moving into his new residence on Fourth street north.  
A. E. Losey has been confined to his rooms for several days on account of illness.  
Mrs. J. J. Howe left Sunday noon for Sibley county to attend the funeral of her brother Mr. Edmund Grady, whose death occurred Saturday.  
Mr. Gardner has his building on South Sixth street completed and expects to open a first class grocery store in it the middle of next month.  
C. N. Parker, W. E. Seelye, Peter Mertz and a couple of eastern gentlemen returned from their hunt in the Pine river country with nine deer. The largest buck was killed by Mr. Mertz and it weighed 225 pounds.  
The construction of the new hotel is progressing finely and Mr. Wise promises to have it completed by the first of January.  
A party of surveyors has been camped near A. T. Kimball's ranch at Pelican lake. They were running a line in a westerly direction but were very mum as to the object or the parties for whom it was being done.  
Charlie Mooers, son of T. H. Mooers, of Gull River, died this morning of diphtheria.  
Miss Louise F. Smith, of this city, will leave shortly for the White Earth reservation where she goes to take charge of the Indian mission school.  
Alec McNaughton, who has been at Livingston, Mont., for some months, will return to Brainerd shortly to remain.  
Miss Kate White, daughter of Mr. and Mrs. Ed. White, was married Tuesday evening to Mr. Clarence Grennell. The wedding was a complete surprise the assembled guests who had been invited to meet Frank White, a brother of the bride, who had returned that evening from Minneapolis.  
C. A. Curley and Miss Rose Wedl, were united in marriage at the Catholic church Tuesday morning.  
Mrs. H. D. Follett will leave shortly for New York where she will visit during the winter months with relatives.

Notice  
Ladies and girls, over 15 years old, free admission and skates every afternoon this month. Come in and learn to skate any afternoon. We will have an instructor on hand to teach you. If you know how to skate you can have a pleasant time.  
CASINO ROLLER RINK,  
E. C. Bane, Mgr.

MUSIC AND DRAMA  
Coming Attractions  
Dec. 7—Dustin Farnum in "The Squaw Man."  
Dustin Farnum in "The Squaw Man"  
Edwin Milton Royle's drama, "The Squaw Man" with Mr. Dustin Farnum in the title role comes to the opera house, Dec. 7. Mr. Farnum impersonates a gallant and manly young officer of the English government, the scion of a noble house, who takes upon himself the onus of a crime committed by another, that the family honor may not be smirched and innocent lives ruined. He leaves England under this cloud and plunges into the life of the far west, which he pursues for several years; but finally emerges with his name cleared and comes into possession of an earldom and a wife. Prices 50c, 75c, \$1.00 and \$1.50.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. H. P. Dunn. m w f

Y. M. C. A. NOTES  
The physical sections committee met Saturday evening. They decided to offer a pennant for the winner in a series of basketball games to be played between teams of juniors and seniors, providing there were several teams organized and a definite schedule arranged. A similar pennant will be offered to the seniors if they will organize teams.  
The boys' meeting Sunday afternoon was well attended and those present enjoyed the address by Rev. Chas. Fox Davis. Engineer Leak also addressed the meeting.  
There will be a basketball game this evening between two senior teams. Juniors will not be permitted to attend.  
On Wednesday evening the monthly meeting of the board of directors will be held.  
Hexamethylenetetramine  
The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady.

DO HOLIDAY BUYING EARLY  
Shoppers Will Get Much Better Service If They do Their Holiday Shopping Before the Rush  
"The holiday rush at the Brainerd stores has not yet commenced, but it will soon be here" said a Brainerd merchant. "If shoppers would make an especial effort to make their selections early they would not only confer a favor upon the merchant and the clerks, but they would have a fresher stock to select from and merchants would be able to give them better attention and service than during the rush which always occurs in the last few days before Christmas. Especially those whom circumstances do not compel to await pay day before buying should make an effort to select their gifts before the 20th. It is also advisable to go shopping in the forenoon when possible as there is less likelihood of there being a crowd and it is much easier to get the best service. Purchasers following these suggestions will not only confer a favor on the merchants and clerks but will find it advantageous to themselves.

NEW TEA STORE  
Branch Store of Royal Tea Co. Opened in Wise Block  
The Royal Tea Co., of Chicago, which recently established a branch of their business in this city, are now located in their new quarters in the Wise block, downstairs, corner 6th and Front St. This company is one of the largest dealing in teas and coffees, handling teas, coffees, spices, extracts, baking powder, and a large list of other daily household necessities. In addition to this the company offers a fine line of premiums. Thos. Cawley, Jr. formerly manager of the New Steam Laundry is managing the business.

LOCAL NEWS NOTES  
(Continued from page 2)  
pects to leave on the midnight train tonight for his home in Missoula, Mont.  
C. K. Guy, who has been holding down a chair in the Ransford barber shop for some months, left this morning for Des Moines, Iowa, where he will take charge of a shop. He is succeeded here by Fred Vaughn, a brother of Alderman Vaughn.  
Mr. and Mrs. Carl Brockway, Mrs. J. P. Early and sons and Miss Marie Canan, returned this morning from Jamestown, where they spent Thanksgiving with relatives and attended the wedding of Miss O'Donnell, a sister of Mrs. Thos. Canan.  
The members of the Court of Honor pleasantly surprised Mr. and Mrs. Jas. Welch at their new residence, 704 South Pine street last Saturday evening. The evening was spent with cards and music and dainty refreshments were served at the close.  
Mr. and Mrs. Geo. Grewcox arrived in this city on the train from the west this afternoon. Mr. Grewcox and Miss Mabel Cole were united in marriage at the home of her mother in Glendive a week ago today. A reception will be held for them at the residence of his mother, Mrs. Jennie Grewcox tomorrow evening.  
Miss Maggie McDonald was over from Staples Saturday to see her brother, John McDonald, who has been in the Northern Pacific hospital for some weeks suffering from knife wounds received at the hands of a burglar. Mr. McDonald is improving rapidly and was able to sit up Sunday. He is now out of danger.  
The new Citizen's State bank building was the center of attraction Sunday afternoon. It was so pleasant that many were out walking and there was an almost constant stream of people in and out of the building. The studding for the partitions on the first and second floors are now in place so that it is possible to get an idea of the interior arrangement. The building is certainly going to be a credit to Brainerd.  
Con O'Brien has received a letter from Peter Bass, formerly of Hellenburg, but now of Dumfries, Va., bringing the news of the death of the wife and son and daughter of Mr. Bass. Mrs. Bass died in August, while his daughter Cora and his son Frank died during the month of November. Mr. Bass likes the Virginia country very much.  
Rev. Dr. E. K. Copper, district superintendent of the Brainerd District of the Methodist Episcopal church, who was chaplain of the Minnesota house of representatives four years ago is being urged by friends all over the district to again be a candidate for that position. He states, however, that the pressure of the work of his official position is such that it is absolutely impossible for him to think of undertaking any outside duties.

C. E. Brown, of Elk River, who assisted in conducting the farmers' institute here was in the city last night on his way to Pequot to hold a meeting tomorrow. He reports a very well attended and profitable meeting at Pillager Saturday, there being also an evening session held which was well attended. Mr. Chapman, who talked on poultry and gardening, has been assigned to a southern circuit of work and A. J. McGuire, of the Grand Rapids experimental farm, will join Mr. McLaren and Mr. Brown at Pequot and assist in the northern part of the state.

The members of the Public Ownership party here held a very enjoyable affair in Bakers hall Saturday evening. J. E. Nash, state secretary of the public ownership party was present and addressed a gathering of about 125 members of the organization and their ladies. Mr. Nash was introduced by M. J. Enright and spoke about three-quarters of an hour on the principles of the party. At the close of his address he presented R. A. Henning with a handsome writing desk as a testimonial from his co-workers in the cause in Brainerd and Mr. Henning made a very appropriate response. There was music by an orchestra composed of members of the club, and after a lunch was served the assemblage enjoyed themselves by tripping the light fantastic toe.

The fire department was called to West's restaurant at an early hour this morning by a fire which originated in a peculiar manner, and which had there been no one there would have been a disastrous blaze of unknown cause. There were three 2x12 floor joists running crosswise under the floor of the kitchen. Over the floor were three thicknesses of asbestos paper, and over that an inch of cement, on which the stove rested. The night crew discovered smoke coming out through the ceiling of the basement and gave the alarm. When the boys came to cut away the ceiling the fire was found to be entirely in the cracks between these three timbers. The only theory of the origin is that when Mann's bakery was in the room flour dust may have sifted through the floor, which was old and becoming perfectly dry from the warmth of the stove caused spontaneous combustion. It did not come from the stove as the upper side of the floor boards was uncharred, neither did it come from the electric wires as they were strung below the ceiling, which was unburned. The damage was slight and the restaurant was not put out of commission in the least.

All the insurance business connected with the Hawkeye Insurance Company, of Des Moines, Iowa, the Country Fire Insurance Company, of Philadelphia, Pa., and the New Brunswick Fire Insurance Company, of New Brunswick, N. J., and all of the Plate Glass Insurance business connected with the New Amsterdam Casualty Company, of New York, N. Y., has been sold by the undersigned to R. J. Hartley and C. A. Allbright including the good will and renewals of same and I desire that all renewals of business now in force in said companies be made with Hartley and Allbright instead of me.

Home Life in Spain.

One of the prettiest things in home life all over Spain is the natural and kindly way in which the servants are made a part of the family. In the don's house the little maids often take part in the conversation, speak to the guests and ask them to stay longer, and even the porters and kitchen visitors pop their red capped heads into the door to say the Spanish equivalent for "Howdy" to the family. Just as old negroes do in the southern states.—Ellen Maury Slayden in Century.

A Feat For a Camel.

Theodore P. Roberts had a fluent command of language, both in speaking and writing, and was well liked by everybody. He could secure the attention of a negligent publisher if need be. To one such, who was remiss about sending vouchers, he once closed up a long letter with the sentence: "And, finally, my dear sir, permit me to say that it would be easier for a camel to ride into the kingdom of heaven on a velocipede than for any one to find a late copy of your paper in the city of New York."—Argonaut.

### DYNAMITE IN THE MAKING.

Workmen Who Are Encircled by Death in Gallons and Tons.

So thoroughly deceptive is dynamite in the making that you are apt to be disappointed on viewing the surface of things. You could more readily fancy thunderbolts leaping and crashing from tender blue skies than that the most fearful forces in creation are hidden under such a peaceful exterior. Nitroglycerin, a cupful of which would distribute you over square miles of landscape, is diligently mixing around you in hundreds and thousands of gallons.

It is making itself in big iron retorts, cascading down leaden gutters and merrily tumbling in minute Niagaras into immense vats, where the deliquescent yellow peril pursues its journey powderward. Out of one receptacle it fares furiously through special lead coils, driven off by cooling blasts of air, and is drawn off like draft ale and piped on to the next perfecting stage. Gaze with the nitroglycerin expert into one of those big caldrons. The interior is brilliantly illuminated by electricity, the only illuminating agency permitted in or about the dangerous houses.

Around you are other houses at uniform distances apart and connected by a series of narrow gauge tracks wherein workmen are railroaded nitroglycerin from here and pulp cotton from there to be compounded into dynamite and blasting gelatin. Greatest care is taken in rolling the product from house to house. As soon as a loaded cart is ready to pass out of the nitroglycerin house, for instance, a semaphore signals from an adjoining station, to which the consignment is carefully hurried.

Around you are long storehouses packed with pulp in tons of innocent whiteness. Presently this pulp will assume a tan color under the nitrating process, and then, suddenly becoming carbonite, red cross, hercules, judson and giant powder, forcite or what you order, it develops the quasi virtues of dynamite—dynamite or blasting gelatin in which more natural forces are condensed to the cubic inch than exist anywhere else in creation. Death, curbed and sleeping, encircles you in gallons and tons. Annihilation threatens at every turn in the form of potential pulverizing forces. But the man and the mercury are there also, alert, responsive, reliable.—Leslie's Weekly.

### SWOLLEN BY HEAVY RAINS

Streams in Kansas Overflow the Lowlands and Damage Property.

Galena, Kan., Nov. 30.—Swollen by heavy and incessant rains of ninety-six hours, streams in the vicinity of Galena have broken through their banks, overflowing the lowlands and damaging property.

Spring river is on a rampage and at Badger the mains are in danger of being flooded.

Reports received here state that the Neosho river is out of its bed.

### WITH PUBLIC CEREMONIES

Tuberculosis Show Opened in New York City.

New York, Nov. 30.—The tuberculosis show of the International tuberculosis congress, recently held in Washington, was opened here today with public ceremonies, Governor Hughes and Mayor McClellan delivering addresses. Both officials dwelt on the great importance of the efforts being made to combat tuberculosis and predicted that the show would prove an important factor in the international war that is now being waged on the disease.

The purpose of the show is to give a demonstration of the methods in use in this and other countries to prevent and cure consumption. The exhibit is housed in the American Museum of Natural History and is open to the public from 10 a. m. to 10:30 p. m. and on Sunday afternoons. The exhibits will remain on view six weeks. It is expected that hundreds of thousands of persons will visit the exhibition.

While by far the larger number of the nearly 450 exhibitors are from the United States, there are many from South America, Europe and even Japan. Most of the states of the Union have separate exhibits; some, like New York and Pennsylvania, have extensive official exhibits, flanked by the exhibits of progressive anti-tuberculosis societies, sanitariums and hospitals.

### STEVENSON WILL CONTEST

Believes He Received Majority of Votes Cast in Illinois.

Chicago, Nov. 30.—Adelai E. Stevenson purposes a contest against Charles S. Deneen for the governorship of Illinois for the next four years. The Democratic candidate has come to the belief that he received a majority of the votes cast as between himself and Governor Deneen at the recent election.

The official canvass gave Deneen 23,164 plurality.

### GATHERING OF PROTESTANTS

Governor Hughes and Others to Address Council in Philadelphia.

Philadelphia, Nov. 30.—This city will be the scene this week of one of the largest religious gatherings ever held in America. It will be the meeting of the Federal Council of the Churches of Christ in America, representing almost all of the Protestant denominations. Of the large churches of the country the only one not represented in the council is the Protestant Episcopal. Twenty-eight leading Protestant churches will send 366 delegates to the convention.

Governor Hughes of New York, as one of the thirty-two representatives of the Baptist church in the council, will participate in the discussion of topics bearing upon church federation and will address one of the mass meetings. His theme will be "Civic Righteousness."

Among the other distinguished lay delegates to the council will be Governor Ansel of South Carolina, Governor Hoch of Kansas and Judge Crosscup of Chicago.

### Body Found Under Bridge.

Minneapolis, Nov. 30.—The body of John B. Gedney, brother of M. A. Gedney, Charles B. Gedney and Isadore V. Gedney, proprietors of the M. A. Gedney Company of St. Paul, was found under the bridge of the Minneapolis and St. Louis railway here with his skull fractured. It is supposed that he had been robbed and thrown over the bridge by the highwaymen or that he accidentally fell from the bridge.

### Wife Murderer Electrocuted.

Auburn, N. Y., Nov. 28.—William Brasher, the Rochester wife murderer, in whose case Governor Hughes refused to interfere, was electrocuted in Auburn prison. Brasher killed his wife that he might marry May Gilmore of Defiance, O. He was arrested in Cleveland and brought back to Rochester for trial.

## WOODRUFF OUT OF THE RACE

Root Will Be Elected Senator From New York.

### AFTER CONFERENCE WITH TAFT

Chairman of New York Republican State Committee Eliminates Himself From the Senatorial Race in Favor of Roosevelt's Secretary of State—President-Elect Taft Pleased With Woodruff's Action.

Hot Springs, Va., Nov. 30.—Timothy L. Woodruff, chairman of the New York Republican state committee, has eliminated himself from the senatorial race in favor of Secretary of State Elihu Root.

This action was taken after a protracted conference with President-elect Taft and was followed by statements by both Messrs. Taft and Woodruff. Aside from these statements, each of which concedes the election of Mr. Root to succeed Senator Platt on Jan. 19, next, no details of the conference were made known. Mr. Taft said:

"I can only say that I am very much pleased at the attitude that Governor Woodruff has taken. He has been moved by an earnest desire to promote party harmony and has established his claim to the gratitude of the Republicans of New York and

TIMOTHY L. WOODRUFF.

also of the country at large for making it as certain as possible that such a statesman as Mr. Root will be chosen to represent the state of New York in the senate.

"I am personally very much pleased, now that I have had to give up my purpose to continue Mr. Root in the cabinet that I shall have the support and assistance which he will render to the administration with his great ability and his knowledge of governmental affairs. I am sure from what I know that the action of Mr. Woodruff and the election of Mr. Root will conduce to great harmony among the Republicans in New York and will strengthen the party."

In his statement Mr. Woodruff denied that any offer of a position in the Taft administration had been made to him, and intimated there was nothing the president-elect could offer him that he would be inclined to accept.

### Root's Election Conceded.

Albany, N. Y., Nov. 30.—That Secretary of State Elihu Root will be elected by the legislature on Jan. 20, next, as United States senator to succeed Thomas C. Platt was practically conceded by politicians here following the announcement from Hot Springs, Va., that Timothy L. Woodruff, chairman of the Republican state committee, had withdrawn from the race in favor of Mr. Root.

### AFTER ATHLETIC RECORDS

Men of Muscle Meet in Indoor Championships.

New York, Nov. 30.—The indoor athletic championships of the Amateur Athletic union will be held in Madison Square Garden tonight and tomorrow night. It is confidently expected that several records will be smashed by the athletes who have entered their names for the various events.

Con Leahy, the Irish jumper, has sent in his entry. Leahy has been training hard in order to get in good condition for this event and will endeavor to win back his laurels from Harry F. Porter, who defeated him last year. Porter is also entered, as well as a score of other well known jumpers.

Mat McGrath, the giant policeman, who competes for the New York A. C., will meet some well known weight tossers. Last year McGrath broke the record for this event, and it is likely that he may set up a new record this time.

For the first time in the history of the indoor championships the colleges will take part in the meeting.

### QUEEN SEEKS INDEMNITY

Former Ruler of Hawaii to Urge Passage of Relief Bill.

Washington, Nov. 30.—Ex-Queen Liliuokalani of Hawaii, accompanied by Prince and Princess Kahanaloale and her secretary, Alimoku, has reached Washington from Honolulu. Hawaii's former ruler is here to appear before congress and urge the passage of Delegate Kahanaloale's relief bill to indemnify the queen for certain lands which were confiscated by the United States. George B. McClellan of the Honolulu Chamber of Commerce says that Queen "Lili" negotiated a mortgage on her Hawaiian home to finance her trip to Washington. Queen "Lili" contends that at the time the lands were confiscated the property of the crown yielded an income of \$50,000 a year.

### Frank J. Mead Is Dead.

Minneapolis, Nov. 30.—Frank J. Mead, one of the best known newspaper men of the early pioneer days in the Northwest, died at the Swedish hospital here from heart disease and general breakdown of the vital organs due to advanced years. He was seventy-three years old and one of the first residents of the state, arriving in St. Paul in 1857, and being employed on the Pioneer, the predecessor of the Pioneer Press of today.

### Involved in Great Uncertainty.

Berlin, Nov. 30.—The conclusion of the first reading of the government's ten finance bills leaves the fate of the whole scheme of fiscal reform involved in the greatest uncertainty, although it seems practically certain that all taxes proposed will be greatly modified in committee, to which the matter has been referred by the reichstag, or wholly rejected.

### Castro's Mission Is Diplomatic.

Basse Terre, Island of Guadeloupe, Nov. 30.—President Castro of Venezuela arrived here aboard the steamer Guadeloupe on his way to Bordeaux. In reply to interviewers, President Castro declared that the object of his journey was to settle some diplomatic business with the French government.

### South Dakota's Gold Output.

Pierre, S. D., Nov. 30.—The report of the state mine inspector, filed last week with the governor, shows South Dakota's gold production for last year to have been the highest in the history of the state and it was worth \$7,460,000.

The next visit of  
**Dr. N. W. Wilken**  
of Moorhead  
to this City will be  
Dec. 10th and 11th  
at National Hotel

### Five Dollar Soap.

"It is the proper thing to have your soap made to order," said a masseur. "All the great actresses, all the great millionaires' wives and many quite ordinary people have their soap made to order, paying for it anything from 50 cents to \$5 a cake."

"This green soap costs \$5 a cake. It is made to order in Paris for a beautiful actress. Note her crest and monogram in gold on each green cake."

"The soap is made not of ordinary soap fat, but of spermaceti, the clear fluid which fills the hollow skull of the cachalot or sperm whale. It is perfumed with ess bouquet, one of the costliest perfumes going. It is, you see, pretty, its odor is delightful, and it yields a perfect lather. Even at that it doesn't seem to me worth 10 cents a wash, but so, the actress tells me, its cost works out."—New Orleans Times-Democrat

## To Digest the Food

Bile in the intestines is as important to digestion as are the gastric juices in the stomach and bile is only supplied when the liver is in active condition.

The serious and chronic forms of indigestion are cured by Dr. A. W. Chase's Kidney and Liver Pills because of their influence on the liver causing a good flow of bile to aid digestion and keep the bowels regular, thereby preventing fermentation of the food, the formation of gas and all the disagreeable symptoms of indigestion.

Long standing cases of chronic indigestion yield to Dr. A. W. Chase's Kidney and Liver Pills after all else has failed.

Mr. F. W. BIGLEY, Murraysville, W. Va., writes:—"For sixteen years I suffered from indigestion and liver trouble and consulted several physicians in vain. Two boxes of Dr. A. W. Chase's Kidney and Liver Pills did more for me than all the medicines I ever used. My mother used them with equally good results."

One pill a dose, 25 cts a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

**Dr. A. W. Chase's Kidney and Liver Pills**

## Dr. Pierce's Common Sense Health Talks

No man is stronger than his stomach. Make your stomach strong and you thereby fortify your system against the attacks of a long list of diseases which originate in the stomach and must be reached, if at all through the stomach. Thus torpid, or lazy liver, biliousness, dyspepsia, impure blood and various skin affections originate in weak stomach and consequent poor nutrition. The same is true of certain bronchial, throat and lung affections.

**Dr. Pierce's Golden Medical Discovery**  
*Strengthens the stomach, invigorates the liver, purifies the blood making it rich, red and vitalizing and thereby curing the above and kindred affections.*

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Golden Medical Discovery." The dishonest dealer sometimes insist that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only difference of profit. Therefore, insist on having Dr. Pierce's Golden Medical Discovery. If not promptly supplied trade elsewhere.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, cloth-bound. Address: World's Dispensary Medical Association, R. V. Pierce, M. D., Pres., Buffalo, N. Y. Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

Dr. R. V. Pierce.

Behind Dr. Pierce's Medicines stands the Invalids' Hotel and Surgical Institute, at Buffalo, thoroughly equipped and with a Staff of Skilled Specialists to treat the more difficult cases of Chronic diseases whether requiring Medical or Surgical skill for their cure. Write for free INVALIDS' GUIDE BOOK.
